The Scandinavian market in perspective

We made an experiment:

- Total no of unique users at Schibsted sites in Scandinavia corrected for estimated overlap of unique users (33%) (estimated overlap on basis of the US on-line market)
- This gives Schibsted around 4.4 mill. unique users.
- This would qualify for the 31th rank in the US Top 50.

Total number of active surfers in Scandinavia is estimated to appr. 7 million in Sept 99. Appr. half of the Scandinavian surfers are surfing at Schibsted sites.
