Deposit system alternatives

- Manual handling
- Semi-manual handling: hand-held scanners
- RVM based, fully automated & integrated system
 - Recognition of deposit containers
 - Cancellation & compaction of containers
 - Reconciliation of cash flow & material flow
 - Built-in security measures
 - Integration towards back-end logistics
 - Cost / payback

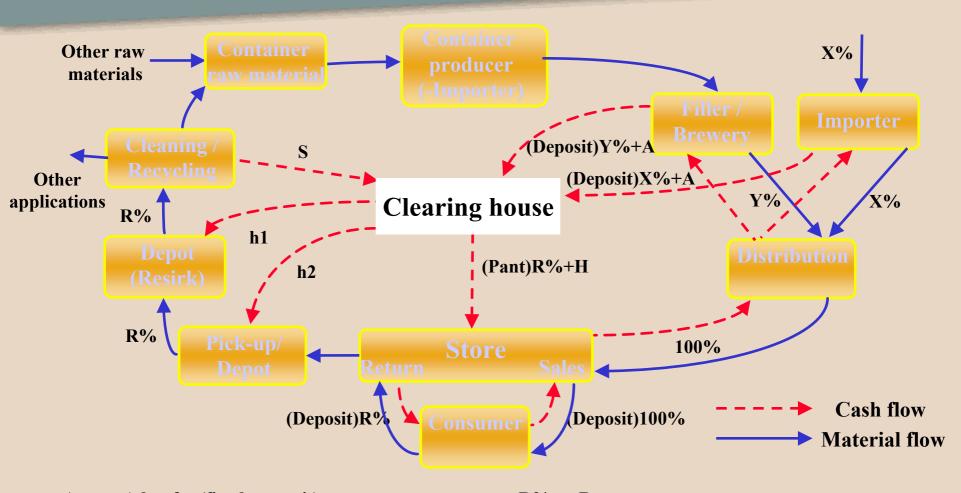

"The Ideal" Deposit Model

- Open, standardized and national system
- Central organization with all stakeholders to
 - -establish standards & monitor compliance
 - -define security standards
 - -perform clearinghouse services
 - negotiate contracts with service providers
 - -administrate fees and payments
- Minimize system costs
